**SR Technics** 

# Our Services

We provide the full spectrum of MRO services to maximize your fleet time in the air.

*We make it happen*

**SR Technics** 

# Aircraft Services

Comprehensive aircraft maintenance, **cabin modification and refurbishment solutions for Airbus and Boeing** fleets along with innovative in-flight entertainment (IFE) upgrades, design and engineering services.

***We make it happen***

**SR Technics** 

## Component Services

Diversified component capabilities with **over 50,000 part numbers** on Airbus and Boeing fleets. Management of entire component MRO programs, rotatable inventory management and sales, lease and exchange of component parts.

*We make it happen*

**SR Technics** 

## Engine Services

Authorized CFM and Pratt & Whitney engine shop. **More than 4,200 CFM56-5B/5C/7B and PW4000 shop visits** performed with over 90% in-house repair capabilities at our Zurich and Cork facilities. A broad range of MRO solutions rounds off our services.

*We make it happen*

**SR Technics** 

## Line Maintenance

Line Maintenance performs **over 120,000 events** every year. Flexible maintenance services with the highest technical dispatch reliability and solutions for Airbus, Boeing and Embraer fleets. Light base maintenance checks, worldwide AOG support and aircraft recovery.

*We make it happen*

**SR Technics** 

# Training Services

**Adjustable training products** such as vocational education, A/B1/B2 basic training and type training. Specialized consulting services and flexible training options for classroom courses, practical training and web-based training.

*We make it happen*

**SR Technics** 

## Flawless Quality Assured

We set the industry benchmark by delivering the highest performance standards in terms of the quality of our products, on-time service delivery, aircraft availability and reliability, as well as safety of our employees and our environment.

# We **Make** It Happen

## I'm a value **MAKER**

"My name is Faizal Ashraf Bin Faiz and I am a technical specialist for aircraft component repairs. I do my best to create true value for our clients."

## I'm an innovation **MAKER**

"My name is Andy Beer and I am a department leader in thermal spray and material handling in engine services. With my team, I strive continuous innovation."

## I'm a message **MAKER**

"My name is Malvina Zargaryan-Spasojevic and I am a communication specialist. I support transparent communications and sharing information across our global organization."

***We make it happen***

# What Our **Partners** Say

“The SR Technics Center of Excellence is an industry leader when it comes to challenging one-stop contracts to reconfigure the interiors of widebody aircraft. This was confirmed when we hired them to do eleven instead of seven aircraft modifications.”

**Annika Dalsvall**

Group Purchasing Director  
SAS

“We sent a CFM56-7B engine, which needed a quick turnaround time, for a minor repair to SR Technics. Our experience with SR Technics was excellent. We had good communication and customer service during the whole process and shop visit, and the engine was completed within the time promised.”

**Kevin Hill**

VP Powerplant Operations  
AerSale

“Delivering quality, reliable MRO services is fundamental to everything that SR Technics provides WLFC.”

**Anthony Spaulding**

SVP Technical Engine Services and Programs, Chief Services Officer  
Willis Lease
