

## ASA Announces Quality Committee Leadership Board

Chairperson: Nin George, GlobalParts.Aero  
Vice Chairperson: Jared Knights, AvAir, LLC  
Secretary: Sherry Chaput, Avion Trace Group, LLC  
Past Chairperson: Chris Anderson, MidAmerican Aerospace, Ltd.

Immediate Release  
23 June 2022

*Washington, DC* – The election took place during the 2022 Summer Quality Committee Meeting held on June 5, 2022. Congratulations to Jared Knights and Sherry Chaput for their election to the Quality Committee Leadership Board; and congratulations to Nin George for his ascension to Chairperson; and Chris Anderson, Past Chairperson, for his guidance in developing this new leadership board.

The new structure which included two new positions was proposed at the Winter 2021 QC meeting and approved by the ASA Board of Directors. The formal four deep leadership will allow for leadership stability; and greater ability to monitor and proactively address issues impacting quality and operations.

There is an extended initial term for the new QC Leadership Board as ASA transitions to elections being held at the winter meetings. For the 2022-2023 cycle, the newly elected leadership team will hold its initial position for a year and half as ASA transitions to the new election cycle. The election will be for the Vice Chairperson and Secretary. Positions on the QC Executive Team is limited to persons from an ASA Regular or Associate Member Company.

The winter QC Meeting will be held on December 2, 2022, in Dallas, Texas.

### **Aviation Suppliers Association**

*29 years in the industry, the Aviation Suppliers Association (ASA), based in Washington, D.C., is a not-for-profit trade association, representing more than 700+ global member companies. Collectively, they lead critical logistics programs, purchasing efforts, and distribution of aircraft parts worldwide. Member companies include distributors, suppliers, surplus sales organizations, repair stations, manufacturers, airlines, operators, and other companies that provide services to the aviation parts supply industry. In addition, over 525 facilities have received accreditation to the ASA-100 Quality System Standard and there are 780 facilities that comply with FAA Advisory Circular 00-56. The Aviation Suppliers Association Certification Body (ASACB) is an ANAB accredited certification body for ISO 9001:2015, AS9100, AS9110 and AS9120 audits.*
